

REGULAR ROSEAU CITY COUNCIL MEETING

MONDAY – October 2, 2023, at 5:00 P.M.

In person meeting

121 Center Street East Suite 201

Roseau, MN 56751

The Regular monthly meeting of the Roseau City Council was held on the above date, time, and place. Members present were Mayor Dan Fabian, Councilmembers: Pat Novacek, Amy Bassingthwaite, Brady Johnson, and Mary Hayes. Absent: None. Others present were Community Development Coordinator Todd Peterson, City Superintendent David Drown, Police Chief Marc Hodge, Liquor Store Manager Niki Johnson, Fire Chief Leon Huot, City Attorney Michelle Moren, Clerk-Treasurer Beth Carlson, Roseau County Commissioner Jack Swanson, and Roseau Promotions Director Sinnamon Krings.

Mayor Dan Fabian called the meeting to order, and the Pledge of Allegiance was said.

Councilmember Mary Hayes motioned, Councilmember Amy Bassingthwaite seconded, and it was carried by unanimous vote to approve the September 11, 2023, regular meeting minutes as written.

City Attorney Moren requested item 20. Consumption & Display Permit – Northern Eagles Golf LLC be moved to the City Attorney section for discussion.

Councilmember Amy Bassingthwaite motioned, Councilmember Brady Johnson seconded, and it was approved by unanimous vote to remove item 20. Consumption & Display Permit – Northern Eagles Golf LLC from the consent agenda.

Councilmember Amy Bassingthwaite motioned, Council member Mary Hayes seconded, and it was carried by unanimous vote to move item 20 from the consent agenda to the City Attorney section for discussion and add items 22-23 to the consent agenda.

Councilmember Brady Johnson motioned, Councilmember Amy Bassingthwaite seconded, and it was carried by unanimous vote to approve the following amended Consent Agenda.

1. Presentation of Accounts Payable claims September 1, 2023, through September 30, 2023, Batch AP09302023
CK# 74879-74916 = \$143,096.74
2. Presentation of daily checks September 1, 2023, through September 30, 2023
CK# 74754-74878=\$377,979.81
E# 3657-3606=\$370,574.11
PR 9/15/23=\$43,792.71
PR 9/30/23=\$47,946.71
3. Presentation of Receipt entries August 1, 2023, through August 31, 2023.
4. Presentation of Journal entries JE073123.

RESOLUTION NO. #46-23

A RESOLUTION TO DESIGNATE THE POLLING PLACE FOR 2024

WHEREAS, THE CITY COUNCIL OF ROSEAU, MINNESOTA, pursuant to Minnesota Statute §204B.16 POLLING PLACES; DESIGNATION, is required by December 31st of each year to designate by ordinance or resolution a polling place for each election precinct. The polling places designated in the ordinance or resolution are the polling places for the following calendar year unless a change is made.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROSEAU, MINNESOTA AS FOLLOWS:

The City of Roseau designates the Roseau City Center at 121 Center Street East, Roseau as the polling place for the 2024 Elections.

Passed by the City Council of Roseau, Minnesota this 2nd day of October 2023

Mayor

22. September 2023 City Revenues & Expenditures
23. Tri-Valley Opportunity Council, Inc. 2022 Annual Report

Delegations/Petitions/Complaints

Roseau Promotions Director Sinnamon Krings presented the following:

- The Polaris 70th Anniversary will be celebrated in Roseau in 2024. The start of the celebration will be January 6th as that is the date 70 years ago that David Johnson rode the first snowmobile. The celebration will continue all year with various events to take place. Polaris is sponsoring a 3 day event August 16-18, 2024. All of the hotels in Roseau and the surrounding areas are booked for this event. Ms. Krings showed council the Polaris 70th Anniversary banner that had been selected and asked for council approval to hang them. The Polaris banners can stay up all year.
- The Fall Festival starts this Friday. Ms. Krings asked for council approval to hang 10 Fall Festival banners on Main Street. Superintendent Drown stated that the City Crew did not have the time or equipment to be putting up and taking down the banners and

decorations. Ms. Krings acknowledged that it is more work for the City Crew as well as for her, but her job is to present the community in a favorable way and to promote the 4 seasons we have here. Councilmembers stated that the Fall Festival banners need to be up before this weekend.

There was general discussion on old and new Christmas decorations, and the equipment and time it takes to put them up and down.

Committee Reports

Planning Commission

CDC Todd Peterson informed council that the Planning Commission did not meet but presented to council a conditional use permit for Karl Manufacturing. CDC Peterson asked council to consider setting a public hearing for the Karl Manufacturing conditional use permit. Mark Karl purchased the old county highway garage. Karl Manufacturing would like to put in a paint and spray foam system in the garage area as well as potentially a daycare in the old office area. The building is not zoned for light industrial use as it is zoned C-2 Outlying Commercial.

Councilmember Amy Bassingthwaite motioned, Councilmember Brady Johnson seconded, and it was carried by unanimous vote to set a public hearing for the Karl Manufacturing conditional use application for October 30, 2023, at 12:05 pm, at the Planning Commission meeting.

Council discussed the regulatory process and concerns about having the daycare so close to the fumes. These concerns will be discussed further at the public hearing.

Roseau County Commissioner

Roseau County Commissioner Jack Swanson informed council the County board approved to increase the 2024 preliminary property tax levy by 7.5% and approved the preliminary budget as proposed with the levy increase included. Commissioner stated that the proposed increase is mainly due to inflation. Also, two townships will be losing road services that the county will need to pick up and another township is looking at coming to the county as well. The county will need to buy a new grader and hire another person to cover these townships.

Operations Committee

Councilmember Pat Novacek informed council that the Operations Committee met and reported on the following:

- Employee Handbook Sick Leave Changes & Juneteenth Holiday.

CDC Peterson reviewed the Sick Leave section of the employee handbook and explained what could stay and what would need to be changed per state statute for the new Sick and Safe Leave Law. The state requires that 48 hours be designated as sick and safe time and its definition is broader than the employee handbook's sick time. Council could choose to broaden the current sick time policy to that of the state and this would alleviate the need to track the sick times separately. A decision does not have to be made tonight as the law goes into effect January 1, 2024. City Attorney Moren will be attending another webinar November 1. The state needs to provide more clarification as to who is eligible.

The negotiating committee met with representatives of the Employee's Association and Police Department. The representatives the Employee's Association and Police Department indicated that employee handbook sick leave changes and the Juneteenth holiday changes could be addressed independent of the rest of the negotiated employment contracts currently in force.

Council asked that the Employee Handbook Sick Leave Changes be put in the November council packet for further review.

After discussion, Councilmember Pat Novacek motioned, Councilmember Brady Johnson seconded to give 8 additional hours for the Juneteenth Holiday to the City's full time employees. There was further discussion as to how holiday pay is implemented between departments. Councilmember Pat Novacek withdrew his motion. Further discussion is tabled until the November council meeting. CDC Peterson will look back through the council minutes to see when it was approved to implement the holiday pay differently between the departments.

Oakcrest Golf Course

The Oakcrest Golf course board had no new business. Mayor Fabian stated that the golf course is in very good condition.

Airport Committee

The Airport Committee did not meet. CDC Peterson presented to council Resolution 50-23 and asked for authorization to execute the grant agreement for the AIP-Runway 16-34 and Parallel Taxiway design project for the State's share of \$17,498.00. The federal share is \$234,002.00, State share is \$17,498.00, local share is \$14,500.00.

CDC Peterson stated that reconstruction should start the summer of 2025. It has been 30 years since the last reconstruction. Flight would likely need to divert to Warroad for a significant amount of 2025 due to construction at the Roseau Airport. CDC Peterson also informed council that Polaris will be upgrading their aircraft to larger jets that will require a longer runway. The airport engineers are looking at what it would take to make those changes at the Roseau airport to accommodate the new aircraft.

Councilmember Amy Bassingthwaite motioned, Councilmember Mary Hayes seconded, and it was approved by unanimous vote to authorize the execution of Resolution 50-23 and the grant agreement for the AIP-Runway 16-34 and Parallel Taxiway design project for the State's share of \$17,498.00.

EDA

The EDA did not meet.

Department Reports

Liquor Store

Liquor Store Manager Niki Johnson informed council on the following:

- Roseau Liquor Store Monthly Sales Report September 2023.
- The Roseau Liquor Store wrapped up its Fire Department fundraiser.

- Minnesota Vikings Foundation and MMBA along with the Roseau Municipal Liquor Store are sponsoring a Food Drive from October 2 – December 1 to help support the Roseau Food Shelf.
- Manager Johnson inquired about selling cannabinoid products at the Roseau Liquor Store. Manager Johnson has contacted surrounding towns and those that are selling are doing well with the sales of those products. City Attorney Moren stated that she had not received new information yet. Council asked if the City of Roseau has sold any cannabinoid licenses to businesses yet. The City of Roseau has not had any applicants for the Cannabinoids License. Police Chief Hodge stated that he felt the \$2000.00 fee for the license and the \$500.00 fee for the background checks discouraged potential applicants. After further discussion, it was council consensus to wait to sell cannabinoid products at the Roseau Municipal Liquor Store.

Fire Department

Fire Chief Leon Huot informed council on the following:

- Rail safety and mutual aid was a large part of the discussion at the Regional Fire Department meeting due to the train derailment that happened in Lancaster.
- Chief Huot would like to table the Lock Box ordinance until the next meeting as he is still acquiring information but had the following recommendations:
 - Chief Huot feels it should be 6 months to 1 year instead of the 90 days to comply with the ordinance, due to the expense.
 - There may be similar lock boxes that are less expensive than KNOX boxes, (maybe change the ordinance to say “KNOX boxes or something similar”)

City Attorney Moren will revise the ordinance for the November council meeting based on the information Chief Huot receives.

It was Council consensus to table further review of the Lock Box ordinance to the November 6, 2023, council meeting.

- Chief Huot informed council that purchase of the new fire truck was estimated to be approximately \$435,000 but with increasing vendor costs and some adjustments in the apparatus the purchase price for the new fire truck chassis and apparatus, from Midwest Fire, is \$444,246. To hold that price the proposal must be approved today. The deposit on the chassis will be \$58,000 with the remaining balance of the chassis due upon completion of the chassis. The remainder of the build out will be financed.

After discussion, Councilmember Pat Novacek motioned, Councilmember Amy Bassingthwaite seconded, and it was carried by unanimous vote to approve the agreement to purchase the fire truck chassis. The deposit on the chassis will be \$58,000 with the remaining balance of the chassis due upon completion of the chassis.

- Chief Huot informed council that the fire departments fund raising BBQ went very well, with the highest attendance so far. The hybrid serving of sit down and drive through also went very well. Chief Hout will have the dollar amount raised for the November council meeting.

Police Department

Police Chief Marc Hodge informed council on the following:

- Police Officer Brian DeMars will be retiring on October 29. This will leave a full time position open and Chief Hodge would like to hire a part time officer from within. Chief Hodge would like council permission to offer a lateral move as the officer interested has over 16 years of experience with his current full time job as a peace officer. The pay would be the top pay for the police department of \$34.878 an hour. The officer interested would also like to come in at the 5 year mark, with 10 hours vacation per month. Councilmember Novacek had concerns about the cause and effect of hiring laterally. CDC Peterson stated that the city has paid new employees higher on the pay scale due to their experience and knowledge in the past.

After discussion, Councilmember Pat Novacek motioned, Councilmember Amy Bassingthwaite seconded, and it was carried by unanimous vote approve Chief Hodge offering a lateral move to a current part time police officer with over 16 years of experience. The pay would be the top pay for the police department of \$34.878 an hour. The officer interested would come in at the 5 year mark, with 10 hours vacation per month. The officer would not come in with other seniority though.

- Chief Hodge informed council that Officer Zach Manka should have been hired full time at an 8G pay rate (\$33.1928) as Officer Manka has approximately 8 years of experience and though he was a part time officer he worked close to full time hours.

Councilmember Pat Novacek motioned, Councilmember Brady Johnson seconded, and it was carried by unanimous vote to approve Officer Manka be move to a pay grade 8G (\$33.1928)

- Chief Hodge informed council that due to the Auto Workers strike the new squad may not be here until mid-October 2024.
- Chief Hodge informed council that the Homecoming Parade is this Friday at 4 pm and the Police and Fire departments will lead it.
- The Police Department is still advertising for 2 part time police officer positions. Council recommended advertising for the full time position as well in case the offer did not work out with the interested officer.

Superintendent

City Superintendent David Drown had no new business.

Mayor Fabian asked about the ownership status of the railbed in the City of Roseau. CDC Peterson stated he is waiting for a response from Miles Hogenson of the Roseau County Trailblazers to see if the Trailblazers are releasing the ownership of that railbed to the City of Roseau.

Mayor Fabian asked about the compost site as someone had contacted him upset about the site being closed. Superintendent Drown stated that the site is open every Tuesday and this time of

year they try to keep the compost site open. If it is closed people can come to the City Shop and pick up a key.

Councilmember Novacek asked Superintendent Drown if he is working closely with Assistant Superintendent Przekwas to make sure there is a smooth transition when Superintendent Drown retires. Superintendent Drown stated that he was.

Council inquired as to the number of applicants for the Superintendents position and when the position closes. CDC Peterson stated that the position is advertised as open until filled. The first round of applicants is due by October 6th to begin the review process. There are 7 applicants to date.

Councilmember Novacek and Superintendent Drown informed council that there are new entry level driver training and course requirements to get CDL certified that will make it more difficult to get future employees licensed to operate heavy equipment. Along with these new requirements there is significant cost.

Superintendent Drown stated that all of the City Utility budget numbers for the preliminary budget are in.

City Attorney

City Attorney Moren informed council that she received conflicting answers from the Department of Alcohol and Gambling Enforcement as to whether or not Northern Eagles Golf LLC fit any of the categories to be eligible for the consumption and display permit. Northern Eagles Golf LLC would like to set up a golf simulator and allow patrons to bring their own alcoholic beverages. City Attorney Moren informed council that council could approve it conditionally on Northern Eagles Golf LLC obtaining the appropriate insurance and the Department of Alcohol and Gambling's approval. This permit expires March 31 of each year and requires council approval to be renewed and may be revoked if there are issues.

After discussion, Councilmember Amy Bassingthwaite motioned, Councilmember Brady Johnson seconded, and it was carried unanimous vote to approve the application for the Consumption and Display Permit by Northern Eagles Golf LLC contingent that Northern Eagles Golf LLC obtain the appropriate insurance and the Department of Alcohol and Gambling's approval and the understanding that it may be revoked if there are issues.

City Attorney Moren informed council that she is working on new Dog Pound Contracts with Pound Master Jason Monsrud and Roseau County and will present them for council review when complete.

Community Development Coordinator

CDC Peterson presented to council the following items:

- A Memorandum on the MN Highway 11 reconstruction project (2025)
“MnDOT real estate is in the process of acquiring permanent and temporary easements for the highway reconstruction project on TH11 in 2025. MnDOT is seeking a temporary easement on city property at Riverview Gazebo Park. The temporary easement will be

used for construction activities and the easement should have no impacts on the park or its future use. MnDOT will also be seeking temporary and permanent easements on other city properties including the Roseau City Center, Mother's Memory Park, and the Roseau Liquor Store; however, those easements needs have not been completed yet.

MnDOT is inquiring as to whether the city would seek monetary compensation for these temporary and permanent easements or whether the city would be willing to provide them at no cost to the project. By not requiring purchase, the State could save money on having appraisals completed and paying for the lands. The city inquired if there could be consideration on the local share of the street lighting costs if the city did not require payment for easements.

Additionally, MnDOT's title search has determined that there is a large gap between the plats along TH11 from 8th Avenue NE to 11th Avenue NE and that the City of Roseau is the owner of a portion of that land (Parcel 92 – shown in red on attached maps). MnDOT would like to acquire that property from the City of Roseau. Would the city be willing to provide a quit claim deed to MnDOT for that parcel and would the city seek compensation (same as above)? There is also a corresponding southern Parcel 94 that is part of the same gap that does not appear to have a current owner that can be identified. MnDOT anticipates that it will need to condemn that property to acquire title.”

After discussion, it was council consensus to approve CDC Peterson and Superintendent Drown negotiate on behalf of the City, the monetary compensation of the easements on the above city owned properties in question for the city's local share of the street lighting costs.

- MMUA Safety Contract 2024.
CDC Peterson presented to council MMUA's Safety Management Program Services Contract #187-2024. The Scope of Services include regular safety meetings and developing and maintaining a standard safety management record keeping and reporting system. CDC Peterson consulted with Superintendent Drown who feels MMUA provides a necessary service.

Councilmember Amy Bassingthwaite motioned, Councilmember Mary Hayes seconded, and it was carried by unanimous vote to authorize the signing of the MMUA Services Agreement #187-2024.

- Mamava Pod Update information
CDC Peterson reintroduced the information provided by Kari Mooney, SHIP Coordinator, on the Mamava pod (a lactation/breastfeeding space.) The new law (effective July 1, 2023) pertaining to lactation and nursing mother requires that employers provide a secure room that is not a bathroom. The Mamava pod would meet this requirement. If located at the City Center (a centralized location), it benefits city employees, the library, museum, and basically anyone working, shopping, or recreating in the city as they have access to it. It is believed that the funding for the actual units can be completely supported by the NACCHO grant, with SHIP stepping up to provide

monies to fill the gap for other items. What the City would need to do is house it-meaning power and cleaning. It seems that the best place would be next to museum under stair way, but it would cover a light and there is not an electric outlet. Superintendent Drown stated that he would have to look at it but thinks power could be run off of the covered light.

After discussion, Councilmember Amy Bassingthwaite motioned, Councilmember Mary Hayes seconded, and it was carried by unanimous vote to approve the City of Roseau housing a Mamava Pod in the City Center.

- **Roseau River Trail Phase IV**
CDC Peterson informed council that the City of Roseau was awarded a \$250,000 grant through the Local Trail Connection grant program. The contract is longer than a typical grant agreement due to the restrictions imposed by Minnesota's Constitution on bond proceeds. CDC Peterson presented to council a sample resolution and draft of a Grant Agreement – Construction Grant for the C003-23-1C, City of Roseau Project under the Local Trail Connection Grant Program. CDC Peterson recommended council consider passing the Resolution 51-23 to accept the grant of \$250, 000.

Councilmember Amy Bassingthwaite motioned, Councilmember Brady Johnson seconded, and it was approved by unanimous vote to approve the Resolution 51-23 to accept the grant of \$250,000 and sign the Grant Agreement – Construction Grant for the C003-23-1C, City of Roseau Project under the Local Trail Connection Grant Program.

- **MnDOT ATP-2 PROTECT Program Solicitation** issued new federal eligibility guidance and the PROTECT fund monies can be used for the City of Roseau Storm Sewer Modification. The total project cost estimate is \$4,778,000. There is \$2,389,000 pending from the US Dept. of Commerce EDA, \$1,915,000 awarded from MnDNR FDR, \$237,000 committed from the City of Roseau and \$237,000 requested from PROTECT funds.

After discussion, Councilmember Brady Johnson motioned, Councilmember Mary Hayes seconded, and it was carried by unanimous vote to approve the MnDOT ATP-2 PROTECT Program Solicitation application and authorize CDC Peterson signature.

Mayor Council

CDC Peterson informed council that he has been working with the Post Office and presented the proposed cluster box locations, which are supposed to be about a block from every home. The city has 4 cluster boxes in storage that the City of Roseau can install in Oak Crest South, Oak Crest West, and Oak Crest Estates. Each cluster box contains 13 boxes that will need to be rekeyed. The cost is about \$20 per key. The Post Office's stance is that the cluster boxes are the responsibility of the developer. CDC Peterson stated that once installed it will be the responsibility of the key holders to maintain those boxes. Council discussed installation to make the cluster boxes easy for snow removal and to mow around while still being easily assessable for mail delivery.

After discussion, Councilmember Amy Bassingthwaite motioned, Councilmember Mary Hayes motioned, and it was carried by unanimous vote to install the cluster boxes in Oak Crest South, Oak Crest West, and Oak Crest Estates.

CDC Peterson informed council that submission of the first round of applications for the City Superintendent position closes this Friday. CDC Peterson inquired as to when and how the city council wants to handle the evaluation process and interviews.

After discussion, it was council consensus to set the budget meeting dates for October 17 & 18, 5-7 pm. and to discuss the Police Department budget and potential department changes as well as the City Superintendent search and interview evaluations at the end of the October 18 budget meeting.

CDC Peterson opened discussion on the 2024 budget and noted that the preliminary budget reflects the Public Safety Aid grant, and the storm water project assumes additional grant monies as well.

CDC Peterson provided to council a spreadsheet of area utility rates. The City of Roseau's utility rates are still pretty low and should be updated. When income and rates are too low the city does not qualify for some of the grants.

CDC Peterson provided council a list of projected capital improvement projects for fiscal years 2023 through 2031. This listing shows some of the capital improvements that need to get done and the years they are assigned to.

Unfinished Business-

There being no further business Councilmember Brady Johnson motioned to adjourn the City Council regular meeting, Seconded by Councilmember Amy Bassingthwaite and it was carried by unanimous vote.

ATTEST:

Elizabeth Carlson Clerk-Treasurer

Mayor Dan Fabian
